

INOCULATION IS GIVEN STUDENTS IN PIONEER CITY

Toxin-Antitoxin Adminis-
tered to Many Carbon-
dale School Children

CONTINUES TODAY

High School Boys and Girls
Will Receive Serum Treat-
ment This Morning

CARBONDALE, Nov. 8.—Inoculation of 1,739 pupils of the public schools and 125 pupils of the parochial schools of the city with toxin-antitoxin serum was made today by a corps of doctors. The treatment takes but a moment and practically all of the pupils whose parents returned the consent slips were given their first treatment today. The high school students will receive inoculation on Friday.

The inoculations started at 9 o'clock at the various schools. The following are the doctors who administered the serum and the nurses who assisted them by preparing the students: Roosevelt school, Dr. John Niles and Dr. Galinski, of Simpson, Mrs. Benjamin and Miss Jones; number 3, Dr. Frank Niles, Miss Ogborne; numbers 4 and 5 at number 5, Dr. U. G. Anderson, Mrs. Raymond Reynolds; Woodrow Wilson, Dr. H. L. Casey, Mrs. Anthony Hughes; number 7, Dr. W. S. Johnson, Mrs. Shumaker; number 8, Dr. Petrie, Miss Kennedy; number 9, Dr. Holcomb, of Farview, Mrs. Martin; number 10, Dr. Higgins and Dr. Stevenson, of Waymart, Mrs. William Russell and Miss Irene Scurry.

Inoculations at the high school will be given Friday by Dr. Malaun assisted by Miss Ada Chumard. The students of St. Rose parochial school will be treated at St. Joseph's hospital. Miss Julia Gerrity, school nurse, prepared the paraphernalia and serum for distribution.
